For County Clerk, D. M. Soliday.

We felt it of necessity in a former campaign to write extended of our good friend, Dan Soliday, in introducing him to the people of Hocking. He has staid so closely to his duties in the avocation of life that he was not well known in this county west of Logan. But now that Dan has served one term as clerk of courts, his acquaintance has become broad, and he needs no introduction to our people. They all know him, and to know him is to speak well of him.

Clerk Soliday is now asking for re-election, and there is no more deserving official in the county.

Dan Soliday hails from Ward township. In early life he worked about the Greendale Furnace, and learned telegraphy, accepting later agency of the Hocking Valley railroad at Carbonhill, where he worked for ten years. He was transferred to Murray City station, and served 8 years in that town as Hocking Valley Ry. agent and operator, resigning only to accept the office of Clerk of Court. Mr. Soliday is a man of family, having a wife and three interesting children. His re-election seems as assured as the time comes for the election. He has served well in office, and the people through out the county have but commendation of his sterling worth and strict integrity.

Dubuque, Iowa, August 4.—United States Senator Allison, died at his home in this city at 1:33 o'clock this afternoon. The immediate cause of his death was heart failure. The end came as a result of a serious sinking spell due to prostatic enlargement, complicated with kidney diseases, and in a period of unconsciousness which had lasted since Saturday afternoon.

Two weeks ago Senator left his home in this city to escape the heat. He went to the home of Mrs. Fannie Stout, a friend of the family, living on the Ashbury road, a few miles from town. Medical advisers urged that an operation be performed to relieve the prostatic enlargement, which was bringing his condition to crisis.

Saturday morning the Senator was brought back home. Soon afterward he relapsed into a condition of semiconsciousness. Except for brief periods of partial recovery he remained in this condition until death came this afternoon.
